

# 8 JAMES COOK ISLAND , SYLVANIA WATERS

 5  2  2

SOLD at Auction - Another Holt Result!

A rare opportunity to secure your piece of paradise and become a part of this privileged waterfront estate. The home itself, whilst liveable, represents essentially a blank canvass for you to start from scratch and create something spectacular. Arguably the best street in Sylvania Waters, renovate or rebuild on the perfect block.

Your architect will be inspired by the wide 29-meter north-facing frontage leading all the way to the almost 19-meter water frontage. An easy-to-build, level block, is one of the few waterfront estates in Sydney where your car and your boat are on the same level. This is an exciting opportunity for you to create something truly special and bespoke, a true legacy in one of Sylvania's most prestige inner circle addresses. (All development and improvements are subject to Sutherland Council approval)

- Located near the northern end with sparkling water views
- Brand New Sea wall just completed
- Sturdy existing dwelling to live in or lease out whilst you plan
- Renovate existing property or create a custom lifestyle residence
